

**VICTORIA PRIMARY SCHOOL  
NEWSLETTER**

13<sup>th</sup> February 2009

Dear Parents,

Please see the Annual Governors report which invites you to join us on 3<sup>rd</sup> March at 6.30 p.m. in the Infant Hall. The meeting gives you a chance to ask governors and senior management about the report. There will also be an update about where the school is with the Foundation Phase and the new Curriculum 2008 for pupils aged 7-11. The last part of the agenda is a brief outline of what parents can expect from the Estyn inspection.

Please join us as it will bring you up to speed with all that is going on in the school. There will be a free crèche in the nursery building for the duration of the meeting. Please sign the slip to confirm that you will be attending and also indicate if you want crèche places.

*Please note that the School Prospectus has also been updated and is available on the website or on request at the office.*

INSET Day

Please note that Monday 9<sup>th</sup> March is an INSET day but is also the day that the Registered Inspector Mr Peter Mathias will meet with parents. The meeting will take place in the Infant Hall at 7.00 p.m. and a crèche will be offered in the nursery so that parents can attend. This is your chance to show how well you support the school. More details to follow.

Eco- Schools update

Following our very successful Eco week, we are inviting you to take the Golden Bulb Challenge: Are you an Eco family? Please return the Challenge to school as soon as possible after half term.

Congratulations to all the families on recycling 9000 Christmas cards through the school and a huge pile of yellow pages.

Site Improvements

During the half term work will begin on replacing all remaining wooden windows with UPVC frames but retaining the current style. Also, repairing the flat roof over the Infant toilets and replacing the ceiling tiles inside. Both of these improvements are funded by the county council. Mr Taylor will also be erecting a wooden fence and panels across the yard from the corner of the Infant building to the nursery outdoor shelter. This will provide a more secure outdoor play and learning area for the reception pupils and allow more free flow throughout the day like the nursery.

T Taylor  
Head Teacher
