

Maths Challenge 5

Years 5&6

solution

Mr.Muddle went to watch his nephew, Mike, dancing a Welsh folk dance in his St.David's Days concert.

When he got home Mr.Muddle tried to remember which children were dancing together.

“Now,” thought Mr.Muddle,

“Mary wore a red dress.

Mike did not dance with Bethan.

Sam danced with the girl in white.

Sali did not dance with Sam.

Tom's partner wore green.”

Can you work out which colour dress each girl wore and who she danced with?

Girl	Dress	Boy
Mary	red	Mike
Sali	green	Tom
Bethan	white	Sam
